

API 610 PROCESS PUMP

PUMP MODEL

DCS/DCD

Catalog No. CS1842E*

Design

Double case, Centerline support
Radial split, Multistage
Diffuser type inner casing
Tandem impeller arrangement for DCS
Double suction 1st impeller for DCD
Full compliance with API 610
Low NPSH performance for DCD

Application

Water Injection
Petroleum refinery
Petrochemical Industry
Boiler Feed
Other Industries

Rating

Capacity	as Required
Head	as Required
Temperature	upto 450 C (850 F)
Flange Rating	upto ANSI Class 2500 lb Others are also available
