

API 610 PROCESS PUMP

PUMP MODEL

LPWM

Catalog No. CS2220E*

Design

Vertical, In-line, Rigid coupled type
Single or Double Volute casing
Full compliance with API 610
Small installation area
Easy maintenance

Application

Petroleum Refinery,
Petrochemical Industry
Other Industries

Rating	
Capacity	upto 580 m ³ /h (2550 U.S.gpm)
Head	upto 310 m (1020 ft)
Temperature	-100°C ~ +400°C (-150°F ~ +750°F)
Flange Rating	ANSI Class 300 lb as standard Others are also available
